### **EXAMINER'S AMENDMENT**

1. This application is in condition for allowance except for the presence of claims 13-20 directed to an invention non-elected without traverse. Accordingly, claims 13-20 have been cancelled.

2. The following is an examiner's statement of reasons for allowance: Prior art does not teach or suggest the scalable motion-adaptive de-interlacing system for converting the interlaced video signal into the progressive video signal according to a motion situation of an image area, the scalable motion-adaptive de-interlacing system comprising: a variable-field motion detection apparatus for accessing a plurality of video fields to detect the motion situation of the image area, wherein the number of the plurality of accessed video fields is equal to a detection number, and the detection number is determined by a mode control signal; and a mode control module for generating the mode control signal according to the availability of the various system resources and/or the status of the scalable video format conversion system as recited in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
